

PHI NAMED AN AARP BEST EMPLOYER FOR WORKERS OVER 50

AARP has named PHI as one of the Best Employers for Workers Over 50. Employers who receive the award must demonstrate policies and practices that meet and address the needs of older workers. AARP awarded PHI as among its Best Employers honor for our exemplary policies and employment practices.

The vetting process ensured that company practices meet the needs of mature workers, in such major areas as recruiting, education and career development, workplace accommodations, alternative work options, employee health and pension benefits, retiree work opportunities, and training and development.

PHI, as Best Employer winner, will be honored at AARP's Annual Awards Dinner on Oct. 7 in Chicago.
