EDI Polling Schedule

Inbound Transactions

CPD polls its GISB service provider's server each business day for inbound transactions at the following times. Transactions are translated and accumulated for batch processing over night.

09:15

11:15

14:15

15:15

16:15 – this is the last pull of the day for over night processing

Outbound Transactions

Outbound transmission of data to CPD's GISB service provider is immediately after data is available. The exact timing varies by day. The following times are approximate:

18:30 (enrollments)

20:30 (monthly usage)

03:30 (remittances)
