2009
EDI/GISB Testing Schedule
Revised 10/14/08

Month	Notification Deadline (10 days)	Testing Start Date
Nov. 2008	10/27/08	11/10/08
Jan. 2009	12/24/08	1/12/09
Mar. 2009	2/23/09	3/9/09
May 2009	4/27/09	5/11/09
July 2009	6/26/09	7/13/09
Sept. 2009	8/28/09	9/14/09
Nov. 2009	10/26/09	11/9/09

Atlantic City Electric and Delmarva Power schedule EDI testing every other month. To be included in a test batch, the Supplier must notify Supplier Relations by the notification deadline listed.

To qualify for EDI testing, new Suppliers must be licensed by the appropriate state regulatory agency and must have submitted a **complete** supplier registration package to Supplier Relations prior to the notification deadline listed above. A testing registration form will be sent to you after Supplier Relations has received your supplier registration package.

In NJ, use of GISB is mandatory. In DE, MD, and VA, GISB is optional. For new suppliers who wish to GISB test, GISB testing will commence on the testing start dates listed above. EDI testing will commence after successful completion of GISB testing.
