**Re: Access Rights to Real-Time Generator Data**

Dear Mr. Kafka:

The purpose of this letter is to grant access rights to real-time generation data from the University of Maryland Cogeneration Plant in College Park, Maryland to Pepco Energy Services, Inc. ("PES"). In order to manage certain aspects of the contractual agreement between the University of Maryland and PES, access to this data is needed by PES as long as the agreement is in place. Please contact James Newton at Pepco Energy Services to coordinate this request. If you have any questions regarding this matter, please contact me at (301) 405-1229.

Sincerely,

Chuck Edwards, PE
